Introducing Rebecca Fredrickson-LaCrosse

Greetings!

My name is Rebecca Fredrickson-LaCrosse, and I've been with the Boys & Girls Club for just over 6 months. Many of you may have seen my face before, as I began my journey behind the front desk! Sturgeon Bay is my hometown, and I am so happy to be back in this community. I graduated with a degree in Psychology and Social Justice Studies last spring and, along the way became a nationally-certified coach/tutor. These lenses inform much of the work I do here at the Club. On any

given day, you can find me anywhere from the S.T.E.A.M. Lab with the 3rd-5th graders, to the Teen Center, to the front desk from time to time. I enjoy it all! It is

truly a blessing to work with these kids; they've taught me so much. I can't wait to keep learning from them (and with them)!

Move It Club with Marine Travelift Engineers Opened Eyes and Minds

Eight captivating weeks with Marine Travelift personnel may have made a lasting impression on members in the "Move It" club in March and April. Their weeks of learning concepts of math and physics came to climax with the field trip to Marine Travelift's world

headquarters here in Sturgeon Bay. Profound thanks for the partnership go to: Erich Pfeifer, Rob Gunnlaugsson, Jason Nessinger, and Anna Seyfer. This is how the next generation will see promise and opportunity in our community.

Awesome New Storage Building at Sawyer. Thanks, Habitat for Humanity Friends!

Quietly, with grace and craftsmanship, the Habitat for Humanity volunteer crew constructed a spacious new shed for the BGC Sawyer site. Now sports and outdoor equipment may be stored out of the elements. Site Coordinator Mr Nicolo is thrilled with the

new space!

HEALTHY SMILES

We want them for a lifetime.

The Basic Needs Room at BGC needs toothpaste, floss, and mouthwash to help maintain our members' smiles.

Will you contribute one item in May?

If you are able to give a new tube of toothpaste or canister of floss, we promise a big grin in return. Drop off at the front desk of either site...and :)

Boys & Girls Club of Door County - Frozen Spoon 100 Days Trip

Boys & Girls Club of Door County - Sue Jarosh "Lighthouse Mouse"

Photos above: Celebrating 100 Days of Attendance with a trip to Frozen Spoon was a treat!

Creating bright 4x8 signs for the Door County Humane Society will help call attention to their fundraiser in May. Look for them in Sturgeon Bay, Egg Harbor, and Sister Bay.

The Kindergarten kids were one of the first to hear "Lighthouse Mouse" from author Sue Jarosh. The character lives at Eagle Bluff Lighthouse and has all kinds of escapades.

Photo by Tina Gohr, Gannett Wisconsin; accompanied front page article by Liz Welter in the Door County Advocate introducing our NASA After School Learning program to the community.

Blossoms Bring Bucks Back to Boys & Girls Club

There's a new nursery opening up on the west side of Sturgeon Bay, and one of the owner's first calls was to Boys & Girls Club with an offer to donate a percentage of May flower sales. **Anchors Away Garden and Gifts** is bringing in bright baskets and vibrant perennials every day to the business located on Vibernum Street. Check out the \$5 Off Gift Certificate below; print it out or show it to owner Jessica on your phone and bring home healthy, colorful plants for your home or as a gift. As she says, "These are flowers for the future of our kids and our county."

Thank you for helping build great futures, Jessica!

Flowers for the Future! 15% of sales donated to Boys & Girls Club Door Co.
\$5 Gift Certificate

Valid May 12-May 31, 2017. Limit 1 per family, per visit, please. No cash value.
